

### HANGING SIGNS

- The minimum height to the bottom of a hanging sign shall be six feet eight inches above the ground or sidewalk.
- The maximum size of a hanging sign shall be twelve square feet, except in AC and RAC districts, where the maximum sign size shall be six square feet.
- The maximum letter height shall be eight inches.
- The maximum sign thickness shall be six inches.
- Hanging signs shall be located in the middle third of a facade's length.

### WALL SIGNS

- Wall signs shall not exceed 20 square feet or 15% of the facade area, whichever is less. Wall signs shall not exceed six square feet in AC and RAC districts.
- The maximum letter height shall be 20 inches, except in AC and RAC districts, where the maximum letter height shall be eight inches.
- No wall sign shall exceed 15 feet above street grade.
- Where two or more businesses are conducted on a property under single ownership and having a front footage of twenty-five feet or less, the allowable sign area shall be increased by fifty percent. Where buildings have frontage on more than one public way and entrances thereon, the maximum footage shall govern signs at each entrance.
- Maximum projection of a wall mounted sign shall be three inches, unless the bottom of the sign is at least six feet eight inches above the ground or sidewalk, in which case the maximum projection shall be ten inches. Maximum projection in AC and RAC districts shall be three inches.

### PROJECTING SIGNS

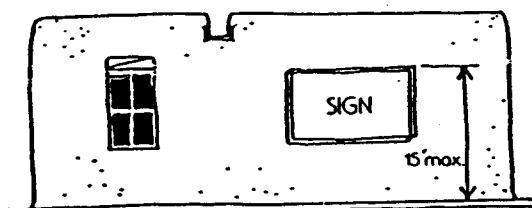

- All projecting signs shall be at least ten feet above the ground or sidewalk and be located in the middle third of a facade's length. No projecting sign may rise above the roof line, parapet or first story.
- Two signs are permitted per place of business if one is a projecting sign and the other a wall sign and if the wall sign is reduced in size to one half the size of the projecting sign.
- The maximum letter height shall be eight inches.
- Projecting signs may project four feet from the supporting wall.
- Projecting signs shall not exceed 16 square feet in area, except in AC and RAC districts, where the sign area shall not exceed six square feet.
- Projecting signs shall not exceed twelve inches in thickness.
- Projecting signs over driveways and alleys shall be a minimum of 15 feet above grade.
- Marquees shall not exceed 115 square feet per marquee face nor extend more than eight feet from the supporting wall. Marquees are allowed only for theaters showing motion pictures or for theaters having permanent seating and presenting dramatic, musical, or live performances. Marquees are prohibited in AC and RAC district.

### TEMPORARY SIGNS

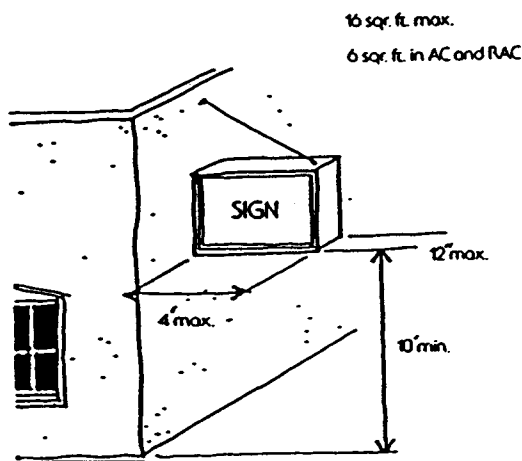

- Temporary signs shall not have more than one dimension exceeding four feet nor have an area exceeding fifty square feet.
- No temporary sign shall extend over or into any street, alley, sidewalk or other public thoroughfare nor shall it be erected so as to prevent free ingress to or egress from any door, window or fire escape.

Area:  
20 sq. ft. or 15%, whichever is less  
6 sq. ft. in AC and RAC

Projection:  
10' if sign is 6'-8" above grade, 3' otherwise  
3' in AC and RAC
